## Contributors to relative performance

- Security selection within the Consumer Discretionary, Communications and Real Estate sectors contributed to relative results.
- Overweight exposures to the Financials, Industrials, and Health Care sectors were additive to relative returns.
- The top relative contributors included underweights to Tesla and NVIDIA as well as an overweight to Tradeweb Markets.

## Detractors from performance

- Security selection within the Technology, Health Care and Financials sectors detracted most from relative performance.
- Underweights to Consumer Staples and Materials detracted most from relative returns.
- Top relative detractors included underweight exposures to Meta Platforms and Visa, as well as not holding Costco.

## Major changes to portfolio in the period

- During the quarter we increased our overweight exposure to Industrials. We also reduced our active exposure to the consumer discretionary sector.
- We added a new position in Shopify, an ecommerce enabling platform.
- Notable eliminations during the period included Zoetis and Marvell.
